Attached are clean, final responses for the questions Pat and Adam plan to ask at the interview on Monday. I'll also have these printed for the books tonight. The interview is from 10 am to 10:20 am on Monday in Alex's office. OPA will come over for it and bring the reporters. Thanks.

Subject: Revised interview Q's for MONDAY interview with Pat Rizzuto

Alex, attached are the revisions after your meeting on the interview questions with Rick and Jeff. As you remember, last Friday, Pat Rizzuto and Adam Allington deleted some of the questions they say they will ask.

One question was added, and I see Rick did not include it. Cheryl will get you an answer to it: EPA has less than 90 days to come up with a rule on chlorpyrifos. Does EPA's 2015 decision to revoke tolerances of the pesticides on food crops impact the agency's recommendation going forward? If not, why?

Also, let Cheryl know if you need more information. I am out tomorrow and part of Monday.

Thanks, Linda
